

## 2023 Rawah Trails Grant Support Request

### Motion

I move that PWV funds through the General Treasury \$12,500 to continue repairing Rawah Trail North and portion of Camp Lake Trail. This is 50 percent of the expected cost, a matching grant of 50 percent, \$12,500 will be sought. PWV funding is contingent upon getting a grant.

The total cost expected is \$25,000. \$20,000 would be to hire Wildlands Restoration Volunteers, Inc to hold two weekend workdays with 30 volunteers during summer 2023. The remaining \$5,000 would be used IF NEEDED for lumber, supplies, transportation, rentals and feed.
